

Wireline Drill Rods

Wireline Drill Rods when used in conjunction with W/L Core Barrels allow the core to be retrieved through the Rods without removing the core barrel from the hole.

These Rods are manufactured from SAE grade 1541 and are stress relieved annealed all at both ends for 10".

All N, H and HWT W/L Rods as shown are compatible with "Q series" Rods.

Size	Length	Weight	
N W/L	1.0m	7.8 kg	30
N W/L	1.5m	11.7 kg	30
N W/L	3.0m	23.4kg	30-36-410
H W/L	1.5m	17.2 kg	30-36-505I
H W/L	3.0m	34.4 kg	30-36-510I
HWT W/L	1.5m	25.2 kg	20-17-505I
HWT W/L	3.0m	50.5 kg	20-17-510I
